15th International Congress of the International Maritime Association of the Mediterranean

IMAM 2013

Developments in Maritime Transportation and Exploitation of Sea Resources

The IMAM conferences are traditional forums for the maritime technical community of the Mediterranean, attended by qualified representatives from the Academia and from Professional and Technical Associations of the various fields involved.

The conferences represent therefore a window of opportunity for areas of high potential growth such as the Balkans, Eastern Europe, the Middle and the Near East as well as North Africa.

IMAM 2013 organizing committee warmly welcomes the participation of all players in the Maritime world involved or interested in the development of marine transports and in the exploitation of sea resources in the Mediterranean.

Thematic areas covered by IMAM 2013:
- Hydrodynamics
- Structures
- Machinery & Control
- Design
- Construction
- Safety of Marine Systems
- Marine Environment
- Aquaculture & Fishing
- Defence & Security
- Design - concepts and practice
- Dynamic response of structures
- Degradation / Defects in structures
- Human Factors
- Legal/Social Aspects
- Logistics
- Marine Environmental Protection
- Materials
- Noise
- Non Linear Motions - manoeuvrability
- Off-shore & Coastal Development
- Prime Movers
- Propulsion
- Protection of the Environment
- Safety
- Sea Waves
- Seakeeping
- Shaft & propellers
- Ship Resistance
- Shipyards
- Small & Pleasure Crafts
- Stability
- Static response of structures
- Wind Loads
- Offshore Energy

CALL for PAPERS

Authors are invited to submit papers in any of the fields listed above.
Please submit your abstract directly on the web page http://www.imamhomepage.org/imam2013/ or send it to the Congress Secretariat by 20 February 2013. The abstracts should include authors’ and co-authors’ full names, addresses, telephone and fax numbers and email addresses. After the acceptance of abstracts, the papers should be submitted preferably on line.

The papers will be published in book format by Francis & Taylor, as in the previous proceedings that have been indexed in ISI.

PAPER REVIEW
Manuscripts will be reviewed by the Scientific Committee in accordance with the standard practice and criteria and final acceptance of the papers will be based on the review of the full papers.

COMMITTEE AND PROJECT MEETINGS
The organisers of the Congress are able to accommodate requests from Committee or Projects who wish to combine their meetings with the Congress, providing facilities preferably on the last two days of the event.

LANGUAGE
The official language of the Congress will be English. Abstracts and full-length papers must be submitted in English.
